**Summary of reasons
for classification:**

The computer image file *Mafiasex Ru Children Kids Hard 000295 Childporn Collecti (1).jpg* is classified as:
Objectionable.

The publication promotes and supports the exploitation of children and young persons for sexual purposes under s3(2)(a) of the Films, Videos, and Publications Classification Act 1993 (FVPC Act). The publication is a computer image file containing a montage of 15 photographic images depicting sexual activity between men and girls. The images have been created for the arousal of those with a sexual interest in children and young persons. The publication promotes and supports the notion that children and young persons are legitimately available for the sexual gratification of adults.

The classification of this publication interferes with the freedom of expression, as set out in section 14 of the New Zealand Bill of Rights Act 1990. This outcome is consistent, however, with Parliament's intention that publications falling under section 3(2) of the FVPC Act are deemed to be objectionable. The classification is also a reasonable limitation on the freedom of expression that reflects the concern of a free and democratic society to limit the availability of publications that promote and support the exploitation of children for sexual purposes.
